Module content

*Closed – BSocSciHons in Psychology only.

In this module a wide range of personality theories as well as a study of on human functioning in the South African context is studied. The aim of the module is to teach conception of the implications of various personality theories for human functioning. The applications are relevant in therapeutic and counselling contexts, as well as for our understanding of human functioning in everyday life. Themes pertaining to relevant current societal issues form the focus of the practical application of the module.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
