<b>Prerequisites</b>	No prerequisites.
<b>Contact time</b>	Yes
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	Historical and Heritage Studies
<b>Period of presentation</b>	Semester 1

### Module content

Practice forms an integral part of interventive conservation to apply theoretical knowledge on treatment evaluation and development, decision-making and to hone bench skills. This is a compulsory module for training in interventive/remedial conservation in the field of specialisation of the students choosing, dependant on the availability of the particular field of specialisation available at the University. Training is carried out under supervision within a museum collection or in private practice with an approved conservator-restorer and contains the practical component of the mini-dissertation.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
