

# University of Pretoria Yearbook 2022

## PGDip (State Veterinary Medicine) (08220064)

**Department** Veterinary Tropical Diseases

**Minimum duration of study** 1 year

**Total credits** 120

**NQF level** 08

### Programme information

Postgraduate Diplomas are postgraduate specialisation qualifications at NQF-level 8 of at least 120 credits. In the Faculty, it is in general aimed at developing specific areas of knowledge and competence in a chosen field. As per the General Academic Regulations (GC3), a Faculty postgraduate diploma will allow for admission into an appropriate master's degree (as per the minimum entry requirements).

Also consult the General Academic Regulations G16 – G29 and Postgraduate Faculty Regulations.

- The curriculum consists of four compulsory core and elective theoretical modules of 30 credits each to the total value of 120 credits.
- Each module will require a certain amount of contact sessions and the balance may be conducted online. The detail of the sessions for each module is published in the respective study guides.
- A minimum number of students could be set (as per the discretion of the module coordinator) for the presentation of any given module. When the required minimum number of students for a particular module is not reached, the module will not be presented during that academic year but will be offered again in the following academic year. For some modules a maximum number of students who can enrol may be set. The details for each module are published in the study guides.
- Students are required to confirm whether a module will be presented in any particular year or not. This enquiry should be directed to the Faculty PG Student Administration co-ordinator according to the syllabi information provided in the list of modules in this yearbook.

### Renewal of registration

Also consult the General Academic Regulation G18.

The duration of a postgraduate diploma is one year. Under exceptional circumstances, an extension of one year may be approved by the Deputy Dean: Research and Postgraduate studies.

- A full-time student who is registered for postgraduate diploma must complete his or her study within one year of registering for the degree.
- Part-time students who are registered for a postgraduate diploma may be allowed to complete their studies within two years of first registering for the degree.

### Admission requirements

- Relevant bachelor's degree **or** Bachelor of Technology degree **or** relevant diploma (NQF level 7)

2. An admissions examination may be required

## Examinations and pass requirements

Also consult the General Academic Regulations G23 – G28.

- i. The postgraduate diploma is conferred on strength of the successful completion of tests/assignments and an examination on each of the four 30 credit coursework modules.
- ii. The Faculty do make provision for supplementary and special examinations as per General Academic Regulations G26.4 and G26.5.
- iii. Every module will be evaluated through a variety of continuous assessment methods (i.e. formative assessments, assignments, summative tests, presentations and/or oral defences where applicable) (from which a year mark will be determined), as well as an examination. A year mark of at least 40% is required for admission to the examination. The year mark and examination mark will each contribute 50% to the final mark. A subminimum of 40% is required in the examination and a final mark of at least 50% to pass the module.
- iv. Detailed information and/or instructions regarding requirements for year or examination assessment methods and marks are published in the relevant study guides. The calculation of marks may differ from module to module. This information is available in the study guides and students are responsible for familiarising themselves with the way in which marks are calculated in a specific module.
- v. No automatic adjustment of final individual marks from 38% and 39% to 40%, or from 48% and 49% to 50%, or from 73% and 74% to 75%, for the purposes of obtaining access to a supplementary examination, or a pass mark, or a distinction may occur.
- vi. A student passes a module with distinction if he or she obtains a final mark of at least 75%.
- vii. A student may only enrol for a module for a second time when the Student Administration of the Faculty receives a written motivation that is supported by the relevant head of department and subsequently approved by the Deputy Dean: Research and Postgraduate Studies..

### Compliance with degree requirements and degree privileges

Also consult the General Academic Regulation G29.

- i. A postgraduate diploma qualification will be conferred on a student only if the student has complied with all the requirements for the particular qualification and has reached the level of competence prescribed for each module that is required for the qualification.
- ii. No one is entitled to any privileges pertaining to a postgraduate diploma before the qualification has been conferred on him or her at a graduation ceremony. (In respect of professional registrations, faculties may issue confirmation letters to the relevant professional bodies prior to the graduation ceremonies.)

## Pass with distinction

A postgraduate diploma is awarded with distinction if a student meets the following requirements:

- a. Obtained a weighted average of at least 75% (not rounded), based on the minimum number of modules prescribed for the qualification in question; and
- b. Completed the qualification in the minimum period (i.e. one year for a full-time student and two years for a part-time student) (Also consult the General Academic Regulations G18.1), and
- c. Did not fail or repeat any module during an additional examination. The result of a discontinuation of a module(s) will not be considered when calculating a qualification with distinction.

## Curriculum: Final year

**Minimum credits: 120**

### Core modules

Controlled and notifiable diseases 701 (CND 701) - Credits: 30.00

Veterinary legislation and policy 702 (VLP 702) - Credits: 30.00

### Elective modules

Clinical Anatomy 701 (ANG 701) - Credits: 30.00

Anaesthesiology 701 (ANV 701) - Credits: 30.00

Small animal behaviour and welfare 702 (ANW 702) - Credits: 30.00

African wildlife disease management 701 (AWD 701) - Credits: 30.00

Clinical reproduction 701 (CLR 701) - Credits: 30.00

Controlled and notifiable diseases 701 (CND 701) - Credits: 30.00

Non-radiological diagnostic imaging of dogs and cats 701 (DIM 701) - Credits: 30.00

Non-radiological diagnostic imaging of horses 702 (DIM 702) - Credits: 30.00

Non-radiological diagnostic imaging of ruminants 703 (DIM 703) - Credits: 30.00

Radiology: Dogs and cats 705 (DIM 705) - Credits: 30.00

Radiology: Horses 706 (DIM 706) - Credits: 30.00

Radiology: Ruminants 707 (DIM 707) - Credits: 30.00

Diagnostic pathology 701 (DPA 701) - Credits: 30.00

Veterinary epidemiology 701 (EPL 701) - Credits: 30.00

Clinical pharmacology 701 (FAK 701) - Credits: 30.00

Mechanisms of drug action 702 (FAK 702) - Credits: 30.00

Physiology 701 (FSL 701) - Credits: 30.00

Small animal clinical behaviour 710 (GEN 710) - Credits: 30.00

Herd and primary animal health 701 (HAH 701) - Credits: 30.00

Histology 701 (HTY 701) - Credits: 30.00

Clinical pathology 704 (KPA 704) - Credits: 30.00

Clinical pathology 705 (KPA 705) - Credits: 30.00

Laboratory animal science 702 (LAS 702) - Credits: 30.00

Laboratory diagnostics procedures 703 (LAS 703) - Credits: 30.00

Research ethics for laboratory animal science 704 (LAS 704) - Credits: 30.00

Necropsy technique and interpretation 701 (NTI 701) - Credits: 30.00

Ophthalmology 701 (OFM 701) - Credits: 30.00

Production animal management 701 (PAM 701) - Credits: 30.00

Mechanisms of disease 711 (PAT 711) - Credits: 30.00

Poultry health and nutrition 701 (PVT 701) - Credits: 30.00

Reproductive biology 701 (RPT 701) - Credits: 30.00

Reproductive physiology of animals 702 (RPT 702) - Credits: 30.00

Ruminant health and medicine 701 (RUM 701) - Credits: 30.00

Organic and inorganic toxicology 705 (TOK 705) - Credits: 30.00

Basic veterinary toxicology 706 (TOK 706) - Credits: 30.00

Porcine health, production and nutrition 701 (VKH 701) - Credits: 30.00

Veterinary principles of auditing 701 (VLP 701) - Credits: 30.00

Veterinary risk assessment 703 (VLP 703) - Credits: 30.00

## Veterinary milk and meat hygiene 701 (VPH 701) - Credits: 30.00

---

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
