### Module content

\*Requires departmental selection

During the second foundational year, students will continue with their exploration of a range of 2D, 3D and digital mediums and processes as practiced in various studio modalities, including graphic printmaking, painting, sculpture, drawing and digital laboratories. The subject will enhance students' intermediate technical abilities and artistic expression related to ideas, formal aspects, materials and techniques through the processes of conceptualisation, observation, visualisation, materialisation, experimentation, documentation, representation and presentation of artworks. Students will discover process-orientated research methods through their practice. Through themed projects and self-study, students will explore critical concepts and methods in historical and contemporary art practices and interpret their significance to their own work.

### Regulations and rules

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these

regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.

**University of Pretoria Programme Qualification Mix (PQM) verification project**

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
