<b>Programmes</b>	<a href="#">Bachelor of Radiography in Diagnostics [BRad in Diagnostics]</a>
<b>Prerequisites</b>	CDR 100, RSC 100, DIR 100, RAN 100, RPH 100
<b>Contact time</b>	3 discussion classes per week
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	Radiography
<b>Period of presentation</b>	Year

### Module content

Clinical practice to operationalise and integrate the fundamental theoretical components of the second year of studies and to build on the competencies developed in the first year of study. Aspects covered within this module include the use of fluoroscopy, conventional tomography, emergency trolley setting, pharmacology, contrast media, paediatric radiography, mobile/bedside and trauma radiography. Radiation protection of patients, public and personnel.

### Note:

This module comprises 25% of the specified clinical training hours necessary to complete specified clinical competencies for the course in an HPCSA accredited facility.

### Regulations and rules

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific

regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.

**University of Pretoria Programme Qualification Mix (PQM) verification project**

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
