Module content

The aim of this module is to equip students, without a formal legal background, a thorough understanding of the various socio-economic aspects and challenges related to the sustainable development and management of mineral and hydrocarbon resources. The topics covered include:

- Historical, philosophical and foundational aspects of non-renewable natural resource development and regulation, with particular reference to development in an African context.
- Basic concepts relating to the sustainable use and development of mineral, oil and gas resources, in general, and with specific reference to sustainable development, economic viability of resource deposits, project operationalisation requirements, good governance in private and public sectors, regulatory burden and policy development.
- The specific interface between responsible resource development and foreign direct investment.

Regulations and rules

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these

regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
