Module content

This module will prepare students for the global elective by examining what makes countries and companies competitive globally. The concepts introduced at the beginning of the first year in the competitive organisation as part of the orientation programme will be re-visited and students will be helped to draw on their entire MBA experience to develop the critical ability to identify factors that enhance and restrain competitiveness. Special attention is given to the relative competitiveness of South Africa and the countries and regions to be visited, with special reference to the industries that will be studied.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
