Faculty [Faculty of Natural and Agricultural Sciences](#)

Module credits 19.00

NQF Level 08

Programmes [Bachelor of Consumer Science \(Clothing Retail Management\) \[BConSci\]](#)

Prerequisites KLR 221 and KLR 321

Contact time 1 practical per week, 2 lectures per week

Language of tuition Module is presented in English

Department Consumer and Food Sciences

Period of presentation Semester 1

Module content

Entrepreneurship in the South African clothing industry, business planning, starting a business and the product development processes that form part of the manufacturing of clothing.

Production: planning, conceptualisation, development, product analysis, execution and presentation of products. Application of clothing, textile and consumer knowledge by utilising a CAD-program for planning and assembling apparel.

Marketing aspects: Small business marketing and management, economic and strategic decisions regarding a clothing small business as well as the development of new clothing products, bearing in mind the needs of the selected target market, financial aspects and overall business planning

Assignments are based on the themes covered in the module. The UN sustainable development goals #8, 11&12 are addressed during the module and all projects are focused on responsible consumption and production, community engagement and economic growth.

Regulations and rules

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific

regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
