Module content

*Closed - admission to this module is subject to departmental selection for the MA in Clinical Psychology.

The aim of this module is to equip students with the advanced theoretical knowledge and practical skills which underpin contemporary, evidence-based, and context-sensitive clinical psychological interventions with patients across the lifespan. The module focuses on the: (1) clinical conceptualisation; (2) therapeutic implementation; (3) critical evaluation; and (4) contextual application of different models of psychotherapy, which span promotive, preventative, curative and supportive strategies of clinical intervention. This is accomplished by means of professional training in individual, relational, familial, and group-based psychological interventions.

Regulations and rules

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of

the aforementioned regulations.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
