Molecular and cell biology 153 (MLB 153)

FacultyFaculty of Natural and Agricultural SciencesModule credits8.00NQF Level05ProgrammesBSc extended programme - Biological and Agricultural SciencesBSc extended programme - Physical Sciences	Qualification	Undergraduate
NQF Level05ProgrammesBSc extended programme - Biological and Agricultural Sciences	Faculty	Faculty of Natural and Agricultural Sciences
Programmes BSc extended programme - Biological and Agricultural Sciences	Module credits	8.00
	NQF Level	05
BSc extended programme - Physical Sciences	Programmes	BSc extended programme - Biological and Agricultural Sciences
be extended programme - myster sciences		BSc extended programme - Physical Sciences
Service modules Faculty of Engineering, Built Environment and Information Technology	Service modules	Faculty of Engineering, Built Environment and Information Technology
Prerequisites MLB 143	Prerequisites	MLB 143
Contact time 2 lectures per week, 2 practicals/tutorials per week, Foundation Course	Contact time	2 lectures per week, 2 practicals/tutorials per week, Foundation Course
Language of tuition Module is presented in English	Language of tuition	Module is presented in English
Department Biochemistry, Genetics and Microbiology	Department	Biochemistry, Genetics and Microbiology
Period of presentation Semester 1	Period of presentation	Semester 1

Module content

Cell growth and cell division, Mendelian and human genetics, principles of molecular genetics, principles of recombinant DNA technology and its application.

General Academic Regulations and Student Rules

The General Academic Regulations (G Regulations) and General Student Rules apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

Regulations, degree requirements and information

The faculty regulations, information on and requirements for the degrees published here are subject to change and may be amended after the publication of this information.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
