Lectures will focus on the theory and practice of various interpretation techniques including memory exercises, oral summaries, sight translations and reformulations of oral texts and speeches and the practice of liaison interpreting. Students will also be expected to split up in groups according to the working languages of their choice which, besides English, may be any language(s) offered at BAHons level. Students will be subject to an oral exam after completion of the module to test their mastery of these techniques.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
