

# University of Pretoria Yearbook 2024

## MSocSci (Heritage and Cultural Sciences) *Heritage Conservation* (Coursework) (01253120)

**Department** School of the Arts

**Minimum duration of study** 2 years

**Total credits** 180

**NQF level** 09

### Programme information

This programme is directed at a general education in preventive conservation/preservation and general collections-based management of tangible cultural heritage (TCH) resources, with a view to specialise in the management of TCH, preservation of TCH or conservation of TCH.

### Admission requirements

1. Relevant honours degree **or** relevant four-year bachelor's degree
2. A cumulative weighted average of at least 65% for the honours degree **or** a weighted average of at least 65% at final-year level of the four-year bachelor's degree

### Additional requirements

A limited number of places are available. Selection for the programme is on an individual basis and may require an interview.

### Other programme-specific information

The programme is offered over two years of which both years are presented at Van Wouw House, 299 Clark Street, Brooklyn. All modules must be passed to progress to the second year of the programme at or carried out under supervision in a partner institution or under supervision in private practice. Students are required to attend relevant departmental seminars as well as local conferences to present aspects of their research project. A poster presentation of their research report is strongly recommended. Students must conduct 5-6 months of conservation or collections-based research by the end of the master's programme and demonstrate mastery over basic conservation techniques. The MSocSci (Tangible Heritage Conservation) by coursework can be completed in segments as part of continuing professional development.

### Examinations and pass requirements

A student must pass all the modules at the end of the first year of study. Students who do not successfully

complete the first year of the programme will not be admitted to the second year.

In addition to the successful completion for all modules, all the students are required to perform the following as part of their continuous assessment:

- Perform on outreach activities
- Participate in the departmental seminar series when in residence
- Submit a draft article to an accredited publication at the end of their study
- Demonstrate mastery over basic and intermediate preservation and conservation interventions
- Complete a 5 to 6 weeks full-time (or 9-10 weeks part-time) supervised and documented internship
- Submit a mini-dissertation of 20 000–30 000 words on an approved conservation topic.

## Curriculum: Year 1

### Core modules

Conservation principles and strategies 801 (THC 801) - Credits: 6.00

Science fundamentals for conservation 802 (THC 802) - Credits: 18.00

Research theory and methodology in conservation 803 (THC 803) - Credits: 18.00

Materials, mechanisms of decay and stabilisation of artefacts 810 (THC 810) - Credits: 48.00

---

## Curriculum: Final year

### Core modules

Mini-dissertation: Tangible heritage conservation 800 (THC 800) - Credits: 60.00

Collections-based training (internship) 805 (THC 805) - Credits: 30.00

---

### General Academic Regulations and Student Rules

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

### Regulations, degree requirements and information

The faculty regulations, information on and requirements for the degrees published here are subject to change and may be amended after the publication of this information.

### University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
