

# University of Pretoria Yearbook 2024

## PhD *Environmental Economics* (02261041)

<b>Department</b>	Agricultural Economics, Extension and Rural Development
<b>Minimum duration of study</b>	2 years
<b>Total credits</b>	360
<b>NQF level</b>	10

### Programme information

- This programme consists of a thesis.
- All students need to follow a preparatory programme for the thesis which is not part of the degree programme.
- This preparatory programme should at least cover the following modules or their equivalents:
  - Any two modules in economic or applied economic theory (eg Microeconomics or Macroeconomics)
  - One module in quantitative methods (Econometrics, Applied econometrics, Quantitative methods, or Partial equilibrium modelling)
  - One module in the field of specialisation (institutional economics, science and technology policy, food policy, etc).
  - Attend the Department's Research Methods Module
- These modules must be completed within the first two years of registration.
- The failure of more than two modules will lead to exclusion.
- Failed modules may be repeated once only.
- A research proposal must be presented to the Department within 18 months of first registration.
- If these modules or their equivalents have been completed successfully and a PhD proposal has been presented successfully to and approved by the Department's postgraduate committee, the student may proceed to the research phase and the thesis.
- Students can be exempted from this preparatory programme if equivalent modules are completed at other universities and students can provide evidence that these prerequisites have been met.

### Admission requirements

- MSc (Environmental Economics) degree **or** relevant master's degree
- At least 65% for the research component at master's level
- A CV with contactable references may be required
- A copy of final masters dissertation may be required
- An admission interview

---

## Curriculum: Final year

### Core modules

Thesis: [Environmental economics 993](#) (ENV 993) - Credits: 360.00

---

#### General Academic Regulations and Student Rules

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

#### Regulations, degree requirements and information

The faculty regulations, information on and requirements for the degrees published here are subject to change and may be amended after the publication of this information.

#### University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
