Core modules

GIC 825 Advanced research methods 825 (GIC 825)

Module credits	15.00
NQF Level	09
Prerequisites	No prerequisites.
Contact time	28 contact hours
Language of tuition	Module is presented in English
Department	Gordon Institute of Business Science
Period of presentation	Semester 1 or Semester 2

Module content

This module helps students to conceptualise a research design. It covers how the choice of a research design relates to the chosen analytic method (Qualitative Research, Quantitative Research or Mixed Methods). Students are expected to relate the business challenge to the research design and to justify the selection of a given design for a given problem. The objectives of the module are to help students: make informed decisions about their research design; and understand the implications of selecting a given research design in particular around the questions that can be answered.

Module content

This elective on the development of entrepreneurship from the inside-out focuses on three main elements. First, entrepreneurs are faced with a myriad of challenges, including persuading others by displaying their passion, as well as failure, making the role of personal emotion and its regulation during the entrepreneurial journey an important foundational theme. Second, we expand the role of emotion by exploring the cognitive processes of entrepreneurial action through experiential peer coaching activities. Here, students will be challenged to develop their cognitive resources such as adaptability and learning skills related to entrepreneurial action. Lastly, the behavioural dimensions are simplified into intra- and inter-personal meta-skills that individuals need to build the agility, resilience, and social networks essential for entrepreneurial sustainability and success.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications

and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
