- In distance and hybrid off-campus modes the programme extends over one or two years and is presented with two optional contact sessions year, followed by ICT driven guided study.

### Pass with distinction

The certificate is awarded with distinction to a student who has obtained an average of at least 75%, with a minimum of 65 % in each module (no rounding).

## Curriculum: Final year

Minimum credits: 130

### Core modules

#### Curriculum development 711 (CDD 711)

**Module credits** 14.00

**NQF Level** 08

**Prerequisites** No prerequisites.

**Language of tuition** Module is presented in English

**Department** Science Mathematics and Technology Education

**Period of presentation** Semester 1 or Semester 2

#### Module content

Theories, principles and foundations of curriculum design and development processes. Overview of international and national models and trends in curriculum/programme development. Project-based approach to managing curriculum design, development and evaluation processes in a real-world context.

#### Financial and human resource management 734 (EDM 734)

**Module credits** 14.00

**NQF Level** 08

**Prerequisites** No prerequisites.

**Language of tuition** Module is presented in English

**Department** Education Management and Policy Studies

**Period of presentation** Semester 1 or Semester 2

#### Module content

The aim of this module is to provide theoretical and practical approaches to financial and human resources management within the TVET sector. Aspects of budgets, strategic management and governance, asset management, recruitment and selection of staff, performance management and continuous professional development are core themes explored in this module.

#### Emotional-social wellbeing 731 (KGG 731)

**Module credits** 14.00

**NQF Level** 08

**Prerequisites** No prerequisites.

**Language of tuition** Module is presented in English

**Department** Educational Psychology

**Period of presentation** Semester 1 or Semester 2

## Module content

This module will enhance higher education managers' understanding and capacity to promote mental wellbeing of staff and students. A focus on systemic support strategies encompassing the context of high need to empower managers to advance preventative psychological health and to acquire specialised knowledge regarding how to strengthen staff and students' emotional-social wellbeing and resilience is key. The module will provide managers in higher education with an integrated wellbeing and emotional-social intelligence framework to promote their insight into an advancing learning and development as lifelong processes.

### Instructional management 700 (LMD 700)

<b>Module credits</b>	14.00
<b>NQF Level</b>	08
<b>Prerequisites</b>	No prerequisites.
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	Education Management and Policy Studies
<b>Period of presentation</b>	Semester 1 or Semester 2

## Module content

Monitoring and evaluation of instruction in higher education. Managers in higher education will develop strategies to enhance the quality of teaching and learning by exploring best practices in learning facilitation, and the provision of professional development initiatives and interventions to improve instructional practices.

### Management and leadership in education 732 (LVO 732)

<b>Module credits</b>	14.00
<b>NQF Level</b>	08
<b>Prerequisites</b>	No prerequisites.
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	Education Management and Policy Studies
<b>Period of presentation</b>	Semester 1 or Semester 2

## Module content

Introduction to education management theories, processes and models related to education management as functions to ensure effective task execution in the TVET sector. Students will acquire competence in the deployment of effective leadership and management strategies to enhance the quality of teaching and learning and to create a productive internal educational environment in their institutions.

### Educational technology in higher education 730 (OWT 730)

<b>Module credits</b>	14.00
<b>NQF Level</b>	08
<b>Prerequisites</b>	No prerequisites.
<b>Language of tuition</b>	Module is presented in English

**Department** Science Mathematics and Technology Education

**Period of presentation** Semester 1

### Module content

This module explores e-learning and e-assessment in the context of the fourth industrial revolution, as well as developing and supporting digital competencies in the TVET context. Educators will explore how higher education institutional policy can be transformed to accommodate technology in education and to make effective use of digital media and blended learning environments.

## Professional development in TVET 700 (PFO 700)

**Module credits** 32.00

**NQF Level** 08

**Prerequisites** No prerequisites.

**Language of tuition** Module is presented in English

**Department** Education Management and Policy Studies

**Period of presentation** Year

### Module content

Professional development of TVET managers and professional leadership in the TVET context from a holistic viewpoint. It integrates theoretical and practical aspects and considers both national and international perspectives. It encompasses project-based learning that requires implementation of the programme components and their integration within a context of school and workplace as well as a professional and substantiated reflection. Thus, participants will develop a professional portfolio as a valid and reliable scientific proof of learning, which should integrate all modules.

## Assessment and quality assurance 713 (QPI 713)

**Module credits** 14.00

**NQF Level** 08

**Prerequisites** No prerequisites.

**Language of tuition** Module is presented in English

**Department** Science Mathematics and Technology Education

**Period of presentation** Semester 1 or Semester 2

### Module content

The module provides knowledge on quality assurance, assessment and accreditation requirements within the context of the national education and training system. The focus is the legislative base, policies and structures of national and international accreditation and quality assurance bodies. Models and perspectives on quality assurance of institutions are explored. Processes relevant to quality management and the monitoring and evaluation of programmes within the TVET sector and broader Higher Education arena are central to the course. The design and development of quality assessment instruments will be covered. TVET managers will be equipped with principles and strategies for the assessment of C21st skills relevant to training students entering the current, globalised economy.

### **General Academic Regulations and Student Rules**

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

### **Regulations, degree requirements and information**

The faculty regulations, information on and requirements for the degrees published here are subject to change and may be amended after the publication of this information.

### **University of Pretoria Programme Qualification Mix (PQM) verification project**

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
