<b>Programmes</b>	<a href="#">BEd in Intermediate Phase Teaching</a> <a href="#">BEd in Senior Phase and Further Education and Training Teaching</a> <a href="#">BA specialising in Languages</a> <a href="#">Bachelor of Arts [BA] 3-year programme</a> <a href="#">Bachelor of Arts [BA] 4-year programme</a> <a href="#">BPolSci specialising in International Studies</a> <a href="#">BSocSci in Heritage and Cultural Sciences option Heritage and Cultural Tourism</a> <a href="#">BSc in Chemistry</a> <a href="#">BSc in Chemistry 4-year programme</a> <a href="#">BSc in Geography option Geography and Environmental Science</a> <a href="#">BSc in Meteorology</a> <a href="#">BSc in Meteorology 4-year programme</a> <a href="#">BSc in Physics</a> <a href="#">BSc in Physics 4-year programme</a> <a href="#">BScAgric in Agricultural Economics in Agribusiness Management</a>
<b>Prerequisites</b>	ENV 101 or WKD 155 or BOT 161 or ZEN 161.
<b>Contact time</b>	2 lectures per week
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	Geography Geoinformatics and Meteorology
<b>Period of presentation</b>	Semester 1

### Module content

Introduces basic concepts and interrelationships required to understand our atmosphere, with a strong focus on an introduction to weather and climate. A key component of the course is an introduction to climate change, including the science of climate change, introducing climate change projections, and climate change impacts. A key focus of the second part of the course will be climate change implications for the attainment of SDGs and Aichi targets on the African continent, under a range of plausible scenarios.

### **General Academic Regulations and Student Rules**

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

### **Regulations, degree requirements and information**

The faculty regulations, information on and requirements for the degrees published here are subject to change and may be amended after the publication of this information.

### **University of Pretoria Programme Qualification Mix (PQM) verification project**

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
