<b>Prerequisites</b>	No prerequisites.
<b>Contact time</b>	Yes
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	School of the Arts
<b>Period of presentation</b>	Semester 1

### Module content

Practice forms an integral part of interventive conservation to apply theoretical knowledge on treatment evaluation and development, decision-making and to hone bench skills. This is a compulsory module for training in interventive/remedial conservation in the field of specialisation of the students choosing, dependant on the availability of the particular field of specialisation available at the University. Training is carried out under supervision within a museum collection or in private practice with an approved conservator-restorer and contains the practical component of the mini-dissertation.

### General Academic Regulations and Student Rules

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

### Regulations, degree requirements and information

The faculty regulations, information on and requirements for the degrees published here are subject to change

and may be amended after the publication of this information.

**University of Pretoria Programme Qualification Mix (PQM) verification project**

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
